The OECD Compendium of Productivity Indicators 2013 presents a comprehensive overview of recent and longer term trends in productivity levels and growth in OECD countries. This site is powered by Keepeek 360, DAM for business.

[OECD iLibrary | Sector productivity](#)

Productivity is a key source of economic growth and competitiveness and, as such, we need internationally comparable measures for assessing economic performance. The OECD Compendium of Productivity Indicators 2013 presents a comprehensive overview of recent and longer term trends in productivity levels and growth in OECD countries. It also highlights some of the key measurement issues faced when compiling cross-country comparable productivity indicators.

[The 2013 OECD Compendium of Productivity](#)
[Indicators](#)

The 2013 OECD Compendium of Productivity Indicators
Anita W Hill, OECD Statistics Directorate . CompNet

Workshop - Frankfurt, 12 December 2013 Why?
Productivity and competitiveness are again high up on the policy agenda Need for a comprehensive set of indicators for policy analysis But also for a better understanding of productivity measurement and interpretation Questions
