Rising expenditure has been at the root of Slovenia's fiscal deterioration since the onset of the crisis. The paper explores reform options to reduce Slovenia's social spending over the medium and long term. It discusses key features of the pension system, and analyzes the evolution of pension spending in the absence of reforms. The paper also examines the health and education spending and

[Republic of Slovenia : Republic of Slovenia : Financial ...](#)

The Slovenian financial system has been hard hit by the crisis. Banks remained highly vulnerable to continued credit deterioration and refinancing risks. Strengthening of financial condition of banks should be the short-term priority. The financial restructuring should be followed by privatization of state-controlled banks. The supervision of
