The Momentum that Stemmed from Globalisation | Springer ...

Abstract. There can be little doubt that globalisation has played a part in the course taken by China in recent decades. Since the late 1970s, globalisation has acted as both stress and dynamics in powerfully pushing Chinese people to rise and dedicate all their efforts to changing China's unfortunate situation of stagnation and backwardness.

2010 Annual Report | Congressional-Executive Commission on ...

The Congressional-Executive Commission on China, established by the U.S.-China Relations Act of 2000 as China prepared to enter the World Trade Organization, is mandated by law to monitor human rights, including worker rights, and the development of the rule of law in China. The Commission by mandate also maintains a database of information on political prisoners in China individuals who
