Vikram Dayal is an Associate Professor at the Institute of Economic Growth, Delhi. He has worked on a range of environmental and developmental issues: from Prosopis juliflora and tigers in Ranthambhore National Park to indoor and outdoor air pollution in Goa, India.

Economic Development vs the Environment - DebateWise

It is true that more development creates environmental degradation. But before such developments if the environment is provided some protection against the harmful effects of development then I think, to some extent balance between environment and economic development will be achieved.
