A Synopsis of Richard Heinberg's book: The Party's Over: Oil, War and the Fate of Industrial Societies 2.1.

INTRODUCTION The world is about to change dramatically and forever as the result of oil depletion. Within the next few years global production of oil will peak. Thereafter, even with a switch to alternative energy sources, industrial societies will increasingly have less energy

### On Richard Heinberg and The Party's Over - Foundation

Passages from The Party's Over, and Commentary There is little that is new in Heinberg's book, for anyone who has been following the energy situation on Earth. The main

focus of the book is the message set forth by the geologist M. King Hubbert in 1949, that the petroleum age would be very short, lasting from about 1930 to 2050.
